AHMED MOHAMED ABDELSALAM

Nasr City, Cairo, Egypt | am3576762@gmail.com | (+20) 120-261-1157
LinkedIn: www.linkedin.com/in/3bsalam | Portfolio: 3bsalam6.github.io

PROFESSIONAL SUMMARY

Results-driven **Data Analyst, Machine Learning** and Software Engineering student with proven expertise in SQL database architecture, business intelligence dashboards, and statistical data modeling. Adept at transforming raw datasets into actionable strategic insights, automating complex payroll and reporting workflows, and engineering scalable database systems using Python, Java, and PHP.

TECHNICAL SKILLS

Data Analysis & BI: Power BI, Tableau, Excel (Advanced, Pivot Tables, Formulas), Microsoft SQL Server, Interactive Dashboards

Programming Languages: Python, SQL, C/C++, Java, C#, PHP, JavaScript, HTML, CSS

Software Engineering & Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms, Database Design

PROFESSIONAL EXPERIENCE

Machine Learning Intern at Digital Egypt Pioneers Initiative (DEPI) Jun 2025 – Dec 2025
Data Analyst At Cemix Jun 2025 – Nov 2025
Data Analyst Intern at Digital Egypt Pioneers Initiative (DEPI) Jun 2025 – Dec 2025

KEY PROJECTS

Employee Attendance & Payroll System — Oct 2025

Technologies: JavaFX, Apache POI, Excel Integration

- Engineered a desktop application for automated tracking of employee attendance, shift metrics, and payroll.
- Implemented logic for overtime and deficit shift calculations with direct Apache POI export for Excel reporting.

Healthioneers (Vaccination Management System) — Dec 2025

Technologies: PHP, SQL Server, PHPMailer

- Architected a secure web portal featuring OTP authentication, role-based dashboards, and vaccine appointment scheduling.
- Optimized database schemas and SQL queries to guarantee data integrity across user reservation workflows.

Supermarket Administration System Dec 2025

Technologies: Java, JLine

- Developed an interactive command-line interface managing supermarket inventory logs, personnel, and sales operations.

Severance Aug 2026

Technologies: Unity, C#

- Built a 3D Online Game utilizing modular C# component architecture and custom sprite animation state machines.

EDUCATION

Bachelor of Science in Software Engineering Helwan University Aug 2024 – Aug 2028

Faculty of Computers and Artificial Intelligence | GPA: 3.6/ 4.0 (Excellent)

Relevant Coursework: Algorithms, Data Structures, Computer Networks, Database Systems, Software Design

CERTIFICATIONS & TRAINING

- **Data Analysis Specialist**— Digital Egypt Pioneers Initiative (DEPI) *(Jun 2025 – Dec 2025)*
- **German Language Certification (A1 – B1)** — DKW-Akademie *(Jul 2025 – Present)*

LANGUAGES & SOFT SKILLS

Languages: Arabic (Native), English (Fluent), German (B1)

Professional Competencies: Cross-Functional Communication, Team Leadership, Problem-Solving, Time Management, Emotional Intelligence
