PROFESSIONAL SUMMARY

Computer Science and Artificial Intelligence student at Capital University with intermediate Python skills and hands-on experience in data analysis, machine learning, and software testing. Seeking Machine Learning internship and entry-level opportunities.

EDUCATION

Capital University *(formerly Helwan University)* Sep 2024 – 2028
Bachelor of Science in Computer Science and Artificial Intelligence
GPA: 3.66/4.00

PROJECTS

Smart Home Energy Advisor | NTI ML Graduation Project Oct 2026

- Collected and organized multiple datasets and performed Exploratory Data Analysis (EDA) to analyze household energy consumption.
- Contributed to a machine learning project that estimates electricity consumption and bills and provides budget-aware energy-saving recommendations.
- **Tools:** Python, Pandas, NumPy, Matplotlib, Seaborn

Software Testing Project | DEPI Graduation Project Dec 2025

- Tested the Coursera website by designing test cases, performing manual testing, and reporting bugs.
- Contributed to API test automation and documented testing activities.
- **Skills:** Manual Testing, Test Case Design, Bug Reporting, API Testing

Electricity Billing System | Java GUI Oct 2025

- Developed a module of a Java-based electricity billing system supporting bill payment through different user perspectives.
- Contributed to a GUI-based application designed to support customer and administrative workflows.
- **Technologies:** Java, GUI Development

TECHNICAL SKILLS

Programming Languages: C, C++, Java.
Data Analysis & Machine Learning: Pandas, NumPy, Matplotlib, Seaborn, Exploratory Data Analysis (EDA)
Software Testing: Manual Testing, Test Case Design, Bug Reporting, Basic Automation Testing
Tools: Git, GitHub

TECHNICAL TRAINING & CERTIFICATIONS

IEEE — ComSoc - AI/ML Track Oct 2026 – Present

- Following an AI/ML roadmap covering data preprocessing, ML algorithms, Computer Vision, and Deep Learning.

GCI World 2026 — Japanese Online Scholarship Sep 2026 – Dec 2026

- Currently undertaking online training in Artificial Intelligence and Data Science.

DEPI — AI & Data Science | Microsoft Machine Learning Engineer Track Jul 2026 – Present

- Studying Python for Data Science, data preprocessing, visualization, and Machine Learning techniques.
- Upcoming topics include Deep Learning, NLP, Computer Vision, Azure AI, and MLOps.

NTI — Machine Learning Training Aug 30 – Sep 30, 2026

- Practiced Exploratory Data Analysis (EDA), data preprocessing, and Machine Learning models.
- Introduction to Computer Vision and Natural Language Processing (NLP).

DEPI — Software Testing Training Jun 2025 – Dec 2025

- Learned Java programming, Manual Testing, test case design, and bug reporting.
- Covered ISTQB fundamentals and introductory Automation Testing.

X-Project —Web Development Member Sep 2025 – Dec 2025

- Contributed to web development and delivered a one-day front-end workshop as an instructor.

SBS — Programming Council Member Aug 2025 – Oct 2025

- Contributed to the front-end development of Beeb, a platform connecting commercial stores with supplier companies.
- Won the Best Team Award at the SBS Conference with the team, receiving EGP 10,000.

SOFT SKILLS

- **Communication:** Combined team members' opinions into practical project ideas.
- **Presentation Skills:** Presented topics at SBS sessions and graduation projects at NTI, DEPI, and university.
- **Leadership:** Led university project teams, distributed tasks, and followed up on progress.
- **Teamwork:** Collaborated with teammates to discuss ideas and make shared decisions.
- **Initiative:** Assigned tasks based on team members' strengths and set interim deadlines.
- **Analytical Thinking:** Researched concepts beyond the provided material to understand them deeply.
- **Attention to Detail:** Reviewed project work, identified issues, and suggested corrections.
- **Time Management & Prioritization:** Used weekly to-do lists and prioritized tasks by deadlines.
- **Mentoring & Coaching:** Taught programming to beginners and used activities to improve understanding.
- **Task Coordination:** Followed up on delayed tasks and reassigned them when necessary.

LANGUAGES

- **Arabic:** Native
- **English:** Upper-Intermediate (B2) — EF SET Certificate
- **German:** Basic Proficiency (Beginner)
