Profile

Detail-oriented and proactive Computer Science student with hands-on experience in manual testing, creating test cases, and reporting bugs. Skilled in problem solving and quality assurance through academic projects and training programs. Passionate about learning new technologies, improving processes, and delivering reliable, high-quality results in any task or project.

Technical Skills

Programming Languages: C, C++, Java.

Frontend Development: HTML, CSS, JavaScript.

Testing Skills: Manual Testing, Test Case Writing, Bug Reporting, and SDLC & Agile.

Education

Helwan University (Sep 2024 – 2028) **GPA: 3.6**6

Bachelor of Science in Computer Science and Artificial Intelligence

Projects

Testing Project (Coursera / DEPI Certificate, 6 months)

- Conducted Manual Testing, wrote Test Cases, and performed Bug Reporting.
- Worked on testing a website and performed API automation.
- Managed and documented the project using GitHub.

Electricity Billing System – Java with GUI

- Developed a Java-based electricity billing system with GUI for customers, operators, and admin.
- Enabled bill payment, meter readings, notifications, and user management.
- Gained team experience and strengthened skills in Java, GUI design, and system workflow.

Training / Internships

NTI (August 2026 – Present) – Machine Learning

- Currently attending an intensive Machine Learning training program.
- Practicing EDA, data preprocessing, and Machine Learning concepts through practical exercises.

DEPI (July 2026 – Present) – AI & Data Science | Microsoft Machine Learning Engineer

- Currently studying Python for Data Science, EDA, Data Visualization, and Machine Learning.

- Learning Deep Learning, NLP, Prompt Engineering, Computer Vision, Azure AI, and MLOps.

DEPI (June 2025 – December 2025) – Testing

- Completed offline training focused on software testing.
- Gained practical skills in Manual Testing, Test Case creation, and Bug Reporting.
- Received certificate of completion.
- Participated in training program and earned certificate for completed projects (Gigs).

X-Project Member (September 2025 – December 2025) – Web Development

- Participated in a web project and contributed to development tasks.
- Awarded an additional certificate for serving as an instructor for one day.

SBS Member (August 2025 – October 2025) – Web Development

- Completed offline web development training.
- Received certificate of completion.
